Jennifer Wood

President & CEO

Michael Cuccione Foundation

On behalf of the Stollery Children's Hospital Foundation, thank you for your ongoing support of pediatric cancer research at the Stollery Children's Hospital.

“One person can only do so much, but together we can make a difference”

In memory of Michael and his powerful, insightful words, the Michael Cuccione Foundation continues to work diligently to raise funds in support of childhood cancer research.

The ongoing dedication and support of the Michael Cuccione Foundation, and its generous donors, has allowed the Stollery Children's Hospital to provide children with cancer the best care available based on the very latest cutting-edge research.

A team of experts led by Dr. Paul Grundy, director of the Northern Alberta Children's Cancer Program, carries out a broad range of clinical studies related to the causes of cancer, treatments and their side effects, thanks in part to continued support from your Foundation.

Over 80 children are newly diagnosed with cancer in the Edmonton area each year. Thanks to the efforts of the Michael Cuccione Foundation, children with cancer in our community are one step closer to winning their battle against this disease.

Thank you for continuing to make a difference!

Sincerely,

Jennifer Wood
President & CEO
